

Stand tall as a Digital Champion

Help people get more out of life online!

Help family, friends, colleagues and others to get more out of life by introducing them to the many fantastic benefits of getting connected to the Internet.

If you've got basic computer skills, are reasonably confident with the Internet and communicating with people, then join Affinity Sutton's Get Connected network of volunteer Digital Champions.

It's as simple as that. Plus, you'll have the satisfaction of knowing you've really helped people and communities to get connected! So don't delay, contact us and become a Digital Champion today!

What does being a Digital Champion involve?

We'll give you training, which you will do online, and which will take between 6-8 hours. You can do it when and where suits you

You will need to be able to commit a little time on a regular basis. We'll help you to think about and plan how much time, when and where

You'll get a certificate of completion and a Digital Champion Starter Pack of goodies to help you get started

We'll be running training events and workshops throughout the year

There are grants available for you to buy equipment and resources to support your work

You'll join Affinity Sutton's Digital Champion online community where you can get support, share ideas and ask questions. You'll be able to access promotional resources from the online community as well

You'll do some basic reporting, online, every month

We'll provide you with a CRB check.
